

## DRAFT

Charlestown Conservation Commission

Special Meeting

9/06/22

6 pm meeting called to order by Dick Holmes, Chairman

Members present: Sue Forcier, Jim Fowler, Dean Bascom, Lelend Moorhead alternate; sitting in for Gabe Bailey and alternate Dick Lincourt.

Public Guest: Jeff Lessel

1. Dick Holmes informed the group that the Moose Plate Grant proposal, which Liz Emerson submitted, was accepted by the state and the Con Com can now move forward in submitting the estimate that best covers the needs to repair the brook crossing at 1110 Acworth Rd and stays within a reasonable budget.
2. Members were presented with two estimates: Hansen Bridge of New London for \$65,512, **not** including cost of permitting or temp access bridge. St. Pierre, culvert and road work, \$12,385, this also **doesn't** include cost of permitting. A motion was made and passed to submit the application with the St. Pierre estimate and to include approximate cost of permitting (\$9000).
3. Jim Fowler is stepping away from his role as head of trail maintenance and has suggested that a notice be posted by the town, on the community forum, that should anyone from the public have concerns over trail conditions they can contact the town office and the information will be sent along to Con Com to address. Dick Holmes added that he'd like to invite John Lambert to join Con Com as an alternate and assist with trail maintenance.
4. Dick H also informed the group of the possible involvement of Con Com, should the class 6 road, (Burroughs Rd Ext) running through Remick/Francis property, be upgraded to allow for development. Brief discussion followed.

Meeting adjourned at 6:25 pm

Minutes submitted by Sue Forcier, secretary

Minutes accepted by Dick Holmes, Chairman
