

-
-
- CodeRed is an automated notification system that the Town of Charlestown is proud to offer. The emergency alert system relays emergency information to residents by telephone. The high-speed messaging system can deliver customized emergency notifications and instructions to 60,000 phone numbers per hour with a recorded message.
-
- Please sign-up today to make sure your information is entered into CodeRED, please visit the [sign-up](#) page.
-
- By signing up, you will receive instant alerts to keep you informed of time sensitive information. Based on your personal preference, alerts will be delivered via phone call, text message, email or a combination of all three. You will be asked to provide your name or business name, home address (physical address, no P.O. Boxes), city, state, zip code, a primary phone number and any additional phone numbers. Remember this is for only addresses in the Town of Charlestown.
-
- You can also have Emergency Alerts sent to your smartphone. Download a free public safety app called CodeRED Mobile Alert that will allow you to receive instant, location-based alerts on the go, directly to your smartphone. Download the app on iTunes or Google Play.
